> As you know my personal plate is pretty full but feel free to reach out if you want to bounce ideas or talk about Cement Creek tomorrow or this weekend. I am so sad right now for this beautiful place to be spoiled even more. I will be back in the office Monday should you need behind the scenes support. Brings back memories of the emergency Lake County declared due to fear of a major release in 2008 so expect some craziness. Thank goodness no one has been hurt. Time Magazine has already filed a story.
